### **Forward Looking Disclaimer**

Sections of this website contain forward-looking statements which reflect management's best judgment based on factors currently known but involve significant risks and uncertainties. Actual results could differ materially from those anticipated in these forward-looking statements as a result of a number of factors, including but not limited to risks more fully described in the "Risk factors" section of the Company's Annual Report and other risks detailed in filings with the Securities and Exchange Commission. Forward-looking information provided pursuant to the safe harbor established by recent securities legislation should be evaluated in the context of these factors.

### **Disclosure; Forward Looking Statements**

This website contains statements that constitute forward-looking statements. In addition, in the future PhytoSciences (the "Company") together with its subsidiaries and others on its behalf, may make statements that constitute forward-looking statements. Words such as "believes," "anticipates," "expects," "intends" and "plans" and similar expressions are intended to give effect to the nature of forward-looking statements. The Company does not undertake any obligation to publicly release any revisions to the content or material contained in this website, or to update them, or to reflect the occurrence of unanticipated events by any forward-looking statement.

Statements that are not historical facts are forward-looking statements and may include, without limitation, statements relating to the Company's plans, objectives or goals; its future economic performance or prospects; the potential effect on its future performance of certain contingencies; and assumptions underlying any such statements. Examples of such statements include, but not limited to, the Company's expectations about (i) its operations, (ii) its revenues, (iii) its markets, (iv) the technical capabilities of the Company, (v) its funding needs, (vi) its funding sources, (vii) its prospects, (viii) satellite communications regulatory matters, (ix) the pricing of its services, (x) its competitors and their services and (xi) actions of the Company's suppliers, vendors, and service providers.

By their nature, forward-looking statements involve inherent risks and uncertainties, both general and specific, and risks exist that predictions, forecasts, projections and other outcomes described or implied in forward-looking statements may not necessary be achieved, realized or crystalized.

Actual results are likely to be materially different from those expressed or implied by forward-looking statements. In particular, forward-looking statements are based on a number of assumptions about future events, including the assumption that there will be a sufficient number of customers for, and continued demand for usage of, the Company's services to generate revenues in the amounts and at the times anticipated by the Company.
